Fruit Ridge Notes  
from Ron Reister  
C.C.A.

## Fruit Ridge Notes - Friday - "Fruit Ridge Fest Day" - July 28 – 2017

### Fruit Ridge Fest Day --- Always the 4th Friday - July !!!

\*\*\*\***I've been Detailing** the Usage of the "**Blush**" ...What we have here right now is the 'Original' **Single-Strength** Blush ....52 oz-Ac.Rate. It sounds like the Manufacturer will have the New "**Blush 2x**" here next week....26 oz-Ac.Full-Rate

\*\*\*\***Q & A** ...The Pyganic we have here is the "**5.0**" .... Not the old "1.4"...Sorry... I actually forgot about the orig-"1.4" still being available around the Hood.

\*\*\*\***Q & A**... Yup---**Hero** contains MustangMaxx...so if you use a Full-Rate-10.3 oz-Ac.Hero on **SWDs-Blues**, you need to deduct 1 MustangMaxx Appln from Your total allowed.... knocking you back to only 4 Applns-M.Maxx....

\*\*\*\***Q & A - That Vydate Generic "ReTurn"** .... A question came in about the rate-acre...Trying to identify which of the "Vydate" products this is comparable too... Hint: The Rate on Carrots is 1 Ga.Acre for Root Knot and Nematodes. **ReTurn** is a **24%A.I.**--- 1 Gal.Contains 2 lbs.A.I. Oxamyl

\*\*\*\***Q & A**...**I don't** see where anything on the Retain Label is calling for any Silicone Surfactant...?? It does indeed call for a N.I.S.... and your best buy on that is the InSpray-90....Use only 1 pint-100-ga. InSpray-90 with Retain. You'll be staying 'Clean' with a 90-10..... Better than the old 80-20s....

\*\*\*\***You do realize** that the Big Party 'Fruit Ridge Fest' starts in about 1 hr + 35 minutes ....?????!!!!???? Good Grief I look forward to seein Ya'll !!

\*\*\*\***Yup**---**Azoxy 2SC**...Same As "**Abound**" ....Except it comes in 2.5ga.Jugs and is a much better 'Deal' .... We have Azoxy...Same Label.... We're all out of Abound.

\*\*\*\***Just reading Alicandros agr.news....** He says New High Density Plantings on Dwarfing RootStocks do not react well to excess Water Stress..... He says apply VitaZyme with a "Phite" across the Weed-Control-Strip to reduce Phytophthora-Root-Rot-Collar-Rot-Issues..... **Holie Molie...Please let me know if your gonna do that !!!** Have I got a Deal for You !!! I have some ""other"" Phites here that just don't sell because of the crazy-great-Success with the Formula I and Formula II and K-Phite.... so I'm kinda stuck with those.... I will make you a deal you can't refuse!! ...After all...It's going on the Ground-Soil-Applied .... It wont hurt any Foliage !!

**Gotta Go....Close to Party Time.... Gonna Make Sure the**

**Beers have Plenty of Ice on 'em!!!!**
