Fruit Ridge Notes - Fruit-Veg - Thursday - June 15 – 2017

Hello Friends.....

Lots of very good Rains around the area... Some only maybe 2 - 10ths...??? But many areas with **6-8** 10ths!!! What a Blessing !! Thanks be to God !!!

Hopefully we get a nice-slow-easy Rain this Sunday...???keeping my hands-folded....

I have not heard of anyone getting any 'hard-stuff' ...??

I just heard from our *CaliforniaConnection* that is ramrodding the CS2005 Sales there.... He said every single Customer that ordered some CS2005 to "Look-At" has re-ordered in significant quantities. He's already into Multi-Truck-Load volumes....pretty Crazy. There's a ton of

AG goin on there in that *Land of Fruits & Nuts*.... 

SWD Discussion Continues.... Cherries....Options....

Yes--Grandevo is indeed getting some *great* Press... They recommend 3 lb/acre....about \$46 total.....and the Organic Production Boys can use it too...o DaPHI

...And the **Exirel10SE ... Rated Excellent--- \$67 @ 1 Pint-Ac... 3 DaPHI

**PermUp 3.2...Rated Fair --- \$2.30 @ 6 oz-Ac.... 3 DaPHI

**Delegate --Rated Excellent===about \$52 at 6-7 oz-Ac... 7

DaPHI

Entrust--rated Excellent===\$25 at 2 oz-Ac., **But....

the MSU-E-154 says to use **4--8oz.-Acre=\$50 - \$75... 7**

DaPHI

**Imidan rated Excellent===\$25 @ 2.125Lbs.Acre 7

DaPHI

You need to watch your projected maturity-dates and find the cheapest "days"

...**For** my money...??? I'm gonna be doin Perm-Up...**3** Da.PHI... I believe it deserves a much better than 'Fair' rating... I can do 4 Apps of 6 oz.Each if I want...at \$2.30 per-App.

And I'd be doin only 1 App Grandevo...**o** DaPHI....I'm likely running 1 of my PermUp Apps with it while cutting the Grandevo rate to 2.25 lbs....getting my per -acre-cost to around \$36.80

And most likely I would do 1 Danitol....**3** DaPHI....\$27

...and I really like Imidan....likely 1 App ... \$25...7 DaPHI
Baythroid also has a 7 DaPHI...Use this one for only \$4.25-Ac.!!!
And you seriously need to make sure you have 7 DaPHI
Imidacloprid/**Alias 4F** in the Tank at 3.2 oz.Ac....\$2....It helps a lot
for SWDs, but does a big long list of other hugely

critical Insect Pests.... \$2...Just put it in. 🤑
No----Hopefully you *will not* need 'all-of-the-above' !!! So...just
start with the most cost-effective.

For some of your later stuff...*wherever you can do a 14*
DaPHI....You *really need to do* MustangMaxx @ \$3.50 and Warrior
I/LambdaCy @ \$2.40. I just can't believe you Cherry Guys get
a **14Da** while my Blues and Grapes Pals get a **1 DaPHI!!!** Pure

Crazy.... 🤔

Imidacloprid 4F**Alias 4F**...Lots of names for this one.
Remember that on Apples, while Alias takes out all of the different
Aphids and Hoppers and LeafMiners.... for **\$2**... It is also Labeled
for and seriously helps against AppleMaggot and SanJoseScale.....
\$2.

Labeled on *Apple-Cherry-Cots-Blues-All the Berries-Peaches-
Pears-Prunes-Plums-Hops-Nectarines-Literally All the Vegies*----
and it is labeled for *Control of virtually all of the Major Pests*
.... \$2-Acre..... 30 years back you called it Provado.....still works.

And on a very sobering note....

Not sure how many of you know Doug Lubbers...??? ...Huge
Vegetable Grower....SW of G.R. That was his beautiful 17 yr-old-
Daughter Samantha that died in the Train-Car-Crash this past
Monday in Zeeland Township. The Lubbers are a wonderful
CHRISTian Family....a huge Blessing to so many. Please join us in
raising Prayers to our Almighty Triune Jehovah God to bring
Comfort and Peace and Understanding to the Lubbers Family in this
time of terrible grief and pain and sadness.

Praying Blessings on All of Your Undertakingsr
