Fruit Ridge Notes  
from Ron Reister  
C.C.A.

Fruit Ridge Notes - Monday - August 21 - 2017

**Hey Everybody ..... Hope You All had a Great WeekEnd....**

**...Wow...Temp and Humidity Pushn 80\* Already.... Dew-Point @ 68 ..... That Stuff is kinda rough on this Ol' Fat-Man**

....

**\*\*\*Q & A...Yes...That Too!! I had a Reminder** ....That some Guys that suffer from "**Residential-Cuddling**" ....Huddled Right up close to several Homes, have Used **Prevam** in the past to make their Tank-Mix "Smell Nice". Prevam and it's Brother & Sister Products all enjoy the Quality-Aspect of bringing a very pleasant "Orange" aroma with them ...And if you're using a odorous Chemistry that maybe offends the

Neighbors...??? It really does make for a better relationship

University & Independent Researchers have all proven for nearly 30 Years now... That These **ORO-Agri** Products bring impressive efficacy on Psyllids, Aphids, Mites, Thrips....and a dozen more, plus Disease Controls including Powdery Mildew, Downy Mildew, White Mold, Many Various Blights, Botrytis....More.

Researchers have named it ..."**TransPhloem-Technology**" ....Very Cool Name for Prevam's ability to penetrate the \*\*\*'Exoskeleton' of the Insect Targets....\*\*\*the Epicuticular-Wax-Surface of Leaves ....\*\*\*and Penetrates and effectively Desiccates Any "Spore-Producing-Fungal-Diseases"

....And Yet, This Prevam and it's Brother & Sister Products are "**Safe-to-Beneficial**" Partners like LadyBugs and HoneyBees.

And..... All of these ORO-Agri Products are '2nd-to-None' when it comes to **Coverage and Spreading** when compared to any Oils of any kind. I never ever recommend any of Ya's ever use any Oils of any kind ever... No Oils ..... Never. These ORO-Agri Guys have All we Need when it comes to that 'Job Description'.

Prevam has a 12 Hr.REI..... and a **Zero [-o-] Da.P.H.I.** ....Labeled for Everything..... Things I have never heard of... Over 400 Crops..... Love this Stuff.

**The Sister & Brother** Products that are made by the Same ORO-Agri Mom & Pop Guys..... For **Organic Production Folks**....

**ORO-RZ and ORO-Boost** ..... and then More-ORO for **Conventional** Production ... **Vintre and Wet-Cit and Transformer** ... All with their own special Tweaks for Different Job-Descriptions.

There's is really a lot to know & learn about these ORO-Agri Products.... More than I can really go into in this F.R.Notes...?? I guess the main Info I hope you grab here is....

1.These are really a Effective Tool....2. These are really-Low-Cost-per-Acre-Helpers ....3. These Products are very Safe and Easy to work with .... 4. Please plan ahead to attend our Meetings this Winter to Hear-Learn-Deliberate all about these Valuable Toold for Your Arsenal.

Some very Cool Cats that have helped us with Research whose Names you are likely familiar with .... A.M.Schilder, J.M.Gillet, R.W.Sysak....Helped with work here in Michigan..... And then Bradley Booker--Florida AG-Research .....L.Godfrey and T.Pierce--Univ.of California--Shafter, CA.... Don Henne and Manuel Campos--Texas A&M AgriLife Research--Weslaco TX ..... C.Dobie & A.Schreiber--Agriculture Development Group-Inc--Eltopia Washington ..... And I'm just sticking with a few of the Researcher-Folks from here--USA--as many of the others have very far-out-

Names-Spellings...from at least a dozen other Countries....

I can very comfortably say that every **Row-Crop-Guy**...All the **Grape** and **Blueberry** and **Apple** and **Cherry** and **Stone Fruit** and **Vegetable** and **Organic-Grower** Guys, that have seriously used and looked at these ORO-Agri products have given them a

Thumbs Up in Satisfaction..... And, Important to me, They are so Low-Cost to our Grower Pals.

\*\*\*\***Alicandro Suspects that Retain Applns** are helping us quite a bit against the "Stem-End-Splitting" in **Gala**.

\*\*\*\***I Also Noted in Jeffs "'agr.news'"** .... Those Guys in N.Y. are realizing BigTime all about these Miserable-Low-Life **SWDs**... Alicandro calls it the **"New Reality of Growing Stone Fruits and Raspberries and Blues and Strawberries in N.Y."** ...and it's a very ugly Reality.

**Wishin You a Blessed & Safe & Productive Week ....r**
