*****Prevam... From ORO-Agri** Yup---- I really like this Stuff...Very Low-Per-Acre-Cost... Kills Soft-Bodied Insects and Fungal-Bacterial Pathogens **on Contact**...It penetrates the outer-most-Layers and dries out the Target.

ORO-Agri has a couple of their Products that are Good-to-Go on Organic Production as well.... Very Impressive... Contact Kill only.... These Products are Labeled on just about every Crop you can think of.

Keepn It ShortBest Regards.... r
