Fruit Ridge Notes - Stone Fruits - Wednesday - April 12 - 2017

Greetings to Our Stone Fruit Friends from Fruit Ridge Avenue

If you're in Michigan's SW Corner you're lookn at less than a couple weeks til you are gonna be really really closely watching the Low-Temps.

Just a reminder about getting your **Glacier** on the shelf...?? Also, you may want to consider doing a **DiKaP** application a couple days ahead of WhiteBud / Popcorn stage ...2 Lbs-acre..... and most all of you are keeping CS2005 in your Tanks.

Hopefully you're getting into your 2nd App of 1 Qt-Ac. CS2005. Because the Generic Tilt and Elite are so dirt-cheap I'd seriously consider adding at least one of them to the Tank-Mix....Those are both Zero(o) Da.PHI for all of you StoneFruit guys.

Indar and Rally are also S.I.s[Sterol Inhibitors] ...just like Elite and Tilt....but maybe a bit more effective?? ...and pricier??

Special Mention Our Rally is hugely cheaper than down-the-street..... at least it is til they read this.

You can also Tank-Mix a Nutritional "Formula II-SW" Foliar PhosPhite if you want..... Hugely effective ...and a bargain.

Don't get confused with the 'new' Warrior II and the original Warrior...the Original is a generic called LambdaCy 1EC. I am told the "II" cost twice -3X more per acre...?? The LambdaCy shouldn't cost you more than around \$2-\$2.50-Acre. And yes of course we have that in stock.

We're on the Web!

See us at:

www.reisters.net

...and remember MustangMaxx ...Full Rate = 4 oz
...cost around \$3...?? Yup ...It's also here. Some of you
can use PermUp 3.2EC..... Awesome ...so LowCost-
Effective.

Also be sure to max-out your Lorsban4E---4 Pt-Ac.... \$15
- \$16 ???

WowEsteem = \$60-Ac. ??? I dont think we have
Esteem.... but I'm quite sure Deanna can find you some
if you need it.

Are you interested in Gem 500SC ?? Its my
understanding that last year Deanna saved some of you
guys a buncha dollars on Gem??

I'm not a fan of Pristine... it has 2 A.I.s...a Strobie plus
'Boscalid'. But some Disease Targets have already shown
to be "resistant" to the Boscalid.... and yet the
Manufacturer still wants all the money for the stuff....???
...Like \$30 - \$40 per Acre ...??? It just really bothers
me.....when we can do "Strobie" **Gem** @ 2.5 oz for less
than \$20 - acre.

We are delivering all over the place.... Call Deanna or
Nancy to see when we're goin by your place. [616-887-9933](tel:6168879933) [616-678-7706](tel:6166787706)
