Fruit Ridge Notes - Thursday - Oct. 5th - 2017

Hello All
Did Ya Miss Me...??

Linda and I were Visiting--Touring a new Facility of one of our Fave Manufacturers -- "Cultiva-IPM" -- in LasVegas NV.... We got back to our own bed last eve.

Yes...We were there.... Across the Street and 2 Doors-Down....Sunday Eve when that deranged demonic ruthless despicable coward murdered and wounded Hundreds of Country Music Concert Goer's. How terribly tragic.... So very sad for Hundreds of Families.... just awful.

We have been intensely praying for them as they grasp for understanding and peace and comfort..... So much extreme Grief there.

And then Here.... We lost three Beautiful Devout CHRISTian Matriarchs while we were gone---Dear Friends of Ours....

Violet Rohrer - 73 yrs ...and **Doris Kober** - 83 yrs
...and **Adella Schamber**.

Doris' Funeral was Tuesday when we were Out-of-Town... Violets was this morning, and Adellas is this Sat.-11 AM. at Trinity Lutheran - Harding St. - Conklin. These were all three Beautiful Blessings to so many of us.... Great Examples for us all..... Great Witnesses for their awesome Lord Jesus Savior Redeemer God.

I just read a NewsLetter from one of our Vendor-Suppliers about how Harvey and Irma disrupted everyones 'Daily-Bizz' ...with the Freight Issues.... for all Full-Truck-Loads of anything.... All Industries.... All Distribution ... All Competing for the same Limited Resources of those Guys moving Freight. Truckers are naming their price. This explains

Nancys grief in trying to get TLs of C.A.Lime into place.

Some Guys are Keeping it Simple.... Using a "Shot-Gun" Concept... And doing a '**Post-Harvest-Appln**' of just simply.....

OK...That's all really Great....But I have seen some of your Leaf-Tissue & Soil Analysis.... and some of Ya'll need to Fine-Tune that Shot-Gun thing Lets talk....

There are just so many '*Factors-of-Input*' to be considered.... some of which are very critical for Return-Bloom in Blocks that were really Cropped-Up-Big-Time this Season.

Also---Post..... Wherever you have those Beautiful Young Hi-Dollar-Hi-Density-Investments..... Please remember to get your CS2005 into the Tank-Mix.... Lookn at your TRV-Calculations, You'll find it's only like \$4-\$5-\$6-per-Acre....Very 'Smart Money'This is not only for Bacterial-Disease like F.Blight, but also wherever you had any Fungals ...like Scab and Mildew. This "005" is a Systemic....a Proven Success.... a Real-Deal-Performer..... Less-Per-Acre-Cost when compared to the old sludge-Coppers.... and Tank-Mixes with almost everything..... and Zero sludge in the bottom of your spray-tank when you're through.....

and You'll have no blue equipment to scrub.

Our Business Hours.... Deanna and Nancy and Alicia and Matthew Revised our Hours when Linda and I were Outta-

Town

Praying for All of the Grieving.....r
