Fruit Ridge Notes - Wednesday - August 30 - 2017

## Hello Everybody .....

\*\*\***A Kwik Reminder....** We are still making **Delivery Runs** every Tuesday to the South-West Corner of Michigan and All You Guys in between ..... and Wednesdays to that Group around Hart-Shelby-New Era and on up to the Ludington Area Guys..... and Thursdays up around Traverse City.

And .... We are making Deliveries to the Ridge and Muskegon and West Olive and Belding and Lowell and Spring Lake-Fruitport and more on a regular as needed Daily Basis.

We will soon be easing-up on the Regularity of these Delivery Runs....Due to Your Needs easing off .....

\*\*\***Hey C.A.Storage Operators** .... Dont forget to call Nancy **616-887-9933** **616-678-7706** to cover your **CA Lime** Needs....

\*\*\***Some Grower-Pals** are Suspecting+Claiming Disease Control, where they have been regularly using the Ridge-Cal-BPC-PhitePlus for Bitter-Pit-Prevent .....and then there are some Growers that know to just always depend on it for control of Summer Diseases.

**Why???** ....Remember that 15% of that stuff is a 100%-Pure-Virgin-Grade"Phite" ....and Manufactured by our same Folks in Fresno that make our Formula II-SW and our Formula I and BoronXtra and ZincRush-9 and several other of our Fave Products.

The RidgeCal-BPC-PhitePlus has the **Calcium** and Zn and the North Atlantic SeaWeed in it's Formulation. It's Main-Claim-to-Fame of course is the **Calcium**. It is the most Efficient "**Calcium-PhosPhite**" on the Market based on what our Growers have watched.

These Cats in Fresno have a "Proprietary-Delivery-System" Package built into all of their Products.... Nobody else can figure it out. Nobody else can make a 'Phite' do what theirs does. Pretty Cool. The Guy there at Fresno is a **Michigan State** Boy.... Also Pretty Cool.

For Bitter-Pit-Prevent.... Use 2-3-4 Pints-Acre....Depends on TRV[**TreeRowVolume**] On Your Younger Stuff...that 2 Pint-Rate is only costing \$7.40.....so you can do it often ...

\*\*\***Yes... More PicknBuckets** just came in....and we have in Stock ....**Ladders** of Sizes 7Ft - 8Ft - 9 Ft 10 Ft....Yup---All here.

**Hoping All is Clickn Great for You as You Gear Up for the Big Part of the Harvest ....r**
