Hey Pals Still Durn Cold on Kent City's West Side 5
Below ...

I sure hope You are All keepn warm. I hear horror stories of frozen pipes... 😞

******There are still** some "Year-End-Pallet-Quan-Deals" where you can save 10% on certain Products.... Our Fave Products

******And Yes...** there are for sure some products that will be hard-to-get-very-short-supply....Like the Chlorothalonils-Bravo-Echo-Equus.... will be short again.

But....Some products that are gonna be short have raised their cost already, but are still a real-good-deal....and Deanna has us covered on many of those...Like

Example: Imidacloprid went up considerably--But--Look at your 'Cost-per-Acre'2017=\$1.95....2018=\$2.28. So....That's Still way-huge-cheap-cheap-cheap-good-Cost-per-Acre-Deal !!!

******One other** 'Factor-of-Ugly' is that when a product like Bravo is real short, that puts pressure on the EBDC market...like Penncozeb-Dithane-Manzate-Polyram.... So that Bravo thing could actually have ugly-effects on that EBDC-Pricing.

******I read in Alicandros "agr.tips"** where Jeff is already telln his Guys to plan on 'Slowin-Down' in that Spray-Tractor. I've told ya'll before about the guys that are actually goin slower than you are and yet are actually using less WPA [WaterPerAcre]It's all about how/what you punch into that Computer.

******CropLand in Michigan** is average-value = \$4450 Down \$50 from a year ago. But I'm hearing of some real-good-high-elevations-parcels goin for 2.5X - 3X that number. But then in Wisconsin Values jumped-up \$300/Ac. to \$5200..... About \$700 more than here....?????!!!!?????

Hey....That reminds me....Did you know that the Folks in Michigan and Wisconsin that like to shoot targets or go hunting, therefore owning Guns, make up what would be the largest 'Standing Army' in the World....??? Very Cool.

****I Study Triggernometry..... If any of you that live fairly close by my Home-Place on Gooding St. are interested in "FireArms Safety & Shooting"??? I am going to be getting a Class started in the Spring-Summer.....Hosting at our Target Range. Let me know if you're interested and want in on that List.

Remember this important question...."If Guns kill people, how is it that anyone ever makes it out of a Gun-Show alive ...???!!!!???" Happy WeekEnd.....

Warmest Regards Emphasis on **Warmest** r

And Then Also.....

So.... I'm tryin to figure out how some can so proudly wave the flag of another Country, but then consider it such horrific punishment to be sent back there...???
