Fruit Ridge Notes - Tuesday - January 23 – 2018

Warmest Greetings to All Ya's....

Hoping You All made it Home Safe & Sound from the NWMO&V Conferences....

I was very happy and impressed with how all of our Meetings and our Redox University went..... Very Very Pleased..... And Enjoyed a Bunch of great Feed-Back & Compliments..... There was some really great Questions and Comments at R.U.....

....My Huge Thanks to Deanna and Nancy and Alicia and Matthew and Steve & Theresa Paul....and my Beautiful Bride of 48 Years, Linda, for their diligence in pulling this off again !!!

I missed this whole **NWMO&V** thing last year because of my Aortic ExcitementBut I also heard a lot of Good-Feed-Back about the job the DeeTeam did last year as well.

Thanks to All !!! Feelin Blessed....

Also----Several days back...on Mon.AM--Jan.15thLinda & I met with the Surgeon that worked 11 hours on rebuilding my Aorta ...a little over a year ago and he said "Looks Good....See Ya in a Year." ...So, I am very happy with his report!! God is Great !!

******Wow.... The Redox Thing....** Very Cool hearing of the Successes from here and from all over the place....Nearly 40 States and a bunch of Foreign Countries.....in all Kinds of Crops!!

The Main Theme of the Redox Concept is to make the Growers more Profitable.... Not necessarily by cutting-costs.... But there are piles of scenarios where the Growers increased their Yields and Quality BigTime, but also significantly lowered their Inputs Costs.

******And Yes....We** indeed have 1 - 2 - sometimes 3 Redox Products in the same TankMix...along with 7-8-9-or more Insecticides-Miticides-Fungicides-Bactericides-PGRs-BioStimulants--Etc. There are Soooo Many Products that enjoy working together Synergistically with so many other Products....

But....Ya gotta be careful tho....as there are a bunch of High-Priced-Low-Quality Products on the Market that if added to a Perfectly-Fine-Tuned-Tank-Mix can really screw things up....Makes a very expensive mess.

*****There is a Fast-Growing-Group** of **Smart-Money-Guys** that are telln me they dont foresee themselves making any more "Spreader-Applns-Granular-Traditional-NPK-Fertilizers"because of the blatant evidence in the hundreds of trials done by so many University and Independent Researchers..... And of course the Hundreds of huge Growers that have been gracious enuf to share some of their results.... Its just crazy-good what they're doin with this stuff !!! Many of these Smart Money Guys have not used any Muriate"K" in several years....No 0-0-60....or 0-0-62 ...None.

*****Redox** has a Bunch of Very impressive Products....Mostly for **Foliars**.....Many for **Soil-Apps**....And just about All can go into your **Fertigation** Program.

Sweet Fancy Moses.... There is just so much great Intel that I wanna share Be sure to plan on the Mid-February-RGSs-Winter Meetings & Expo....
