Fruit Ridge Notes - Monday - February 19 - 2018

Greetings from Ugly-Drizzln Fruit Ridge Avenue It's 40°F here currently

I just thought of something.... That is very hugely important to me.... that did not get emphasized enuf last week at our Grower Meetings

Almost All of our Fave Products are "'Made in the **U.S.A.**" ... and a part of those are made right here in Michigan !!!!

USA -- FineAmericas+JimKrugerCustom AG-Formulators+Patrick MurrayMagnaBobLLC+Frankie MieleAgrinos+Mike TurnipseedPlant Food Systems+Ed Brown
....VitaZyme+Bob HudakRedox Chem+Eric Massey
And....

Michigan--USA -- BioSafe Systems+Steve TillmanMarroneBio+Brian Mueller

I just think that is very cool...That we can have very effective Products made available to us, that are made here in this great Country and some of them *just down the road a piece.*

Did I ever tell Ya's that Pat Murrays Wife Lynn is also part-Owner in CustomAG Formulators????....and I think she is like the 'Comptroller' ...??

And did you know that MagnaBon--Frankie and Veronica Miele and their daughter Christina and son FrankieJR-- is also a private "'Mom & Pop"' Company...??... like Reisters....

These Fave Manufacturers ...including Redox and Plant Food Systems and BioSafe ...are Family Owned.... and AgBioTech--Bob &Tristan Hudak==VitaZyme== is also a Family Bizz.

Our Friends at "**Avian-Control**" make that Bird-Repellent here...Michigan and Florida....And they are a Family-Owned-Company also.

And remember that FineAmericas and Agrinos are very Lean-Tight-Well-Managed-Fast-Acting Companies....

Also....Our Pals at Cultiva that make 'Parka' are all from USA and make the Parka here....

....Most [90%]of ORO-Agri Formulating & Packaging is done here State-Side

KoppertsBumbleBees are propagated right here---Michigan....

Praying very **hard** for our benevolent Creator God to keep the Temperatures down.... Tomorrows forecasted Highs are to high

...But after that they're more reasonable.

I see that the pesky "'Weight-Speed-Restrictions'" have been put on several stretches of RoadWay already???
.....We brought in another TrkLoad of CS2005....Some Totes and 2x2.5sBefore the "Wt-Restrictions" went on
