Fruit Ridge Notes - Friday - March 2nd - 2018

Hello Friends.... February - 2018 is in the History Books

We really enjoyed a Wonderful February.....
We had the cherished opportunity to visit with literally **Hundreds of You !!!**Mostly at the 4 "Main-Attraction-Events" Feb.7+13+14+15....
And also ...including in January, several **One:One-Huddle-Ups.**
And

Apprx 114 Folks asked me how I'm doin...in the 13-Month-Aftermath of my exciting Aortic-Episode... so.... for Any Ya'll that are curious....???

I'm Doin Fine... All Happy Doctors & Specialists...and if they're happy, Linda is happy... And if Linda is happy...?? I'm Happy.

Other than getting all of my weight back...plus 11 Lbs., I'm Doin Fine.... Except just to fat.

My thing was called a "Aortic Dissection" In my case, the Aorta was simply coming apart.... Blood wasnt getting where it was supposed to...??
The Experts claim only 1 out of 25 guys survive that condition/procedure...???

So....11 Hrs-Emergency-Surgery-Later... I got goin with the Healing Instructions Plus my God was right there.....and my God Wins.

..... Hey---Appreciate Your Askin !!

*****Enlightening Discussion this A.M....**

with one of my Fave Honey-Crisp-Grower-Guys.... Looking at his March 2nd....Today...This Mornings Evaluation of a "Packed-Unit" of Honeys that was

**Harvested on Sept. 11....

**Properly PreCooled....

**Properly Stored at Consistent Temp....

**No C.A..... just

**Regular Cold Storage

**Smart-Freshed....

This HoneyCrisp

**Block received his regular Seasonal Nutritional Program.....

This

**Sample-Pack-Out-Unit was actually Packed on Sept. 23rd.

So I'm thinkn... Sweet Fancy Moses....This Pack-Out-Unit is over 5 Months Old I think this is very impressive....???!!??? Especially the part about the Bitter-Pit !!!!

But, maybe there's a bunch of Ya's out there with these same results that I just havent heard from yet...???

This Guy keeps a 'Sample' out of every large Pack-Out-Run....to afford himself this opportunity to closely watch the "Aftermath-Quality" of his Shipments.

And....Interestingly Enuf..... This Guy has not done any of the traditional-ground-applied-N.P.K.-Dry-Blended-Hi-Cost-Fertilizers in nearly 5 Years. He just does "All-the-Right-Stuff" ...at the right times.

I'm doing a bunch of Meetings Next Week....a lot of Road-Time..... My FRNotes will likely be Skimpy-Scarce.....

Warmest Wishes for Your WeekEnd !! ...r
