## Fruit Ridge Notes - Saturday - March 24 - 2018

### Happy Saturday Morning ....

**Wow....These Temps....** the Days Highs...and Night-Time Lows.... for the next 10 Days are still really lookn very **Grower Friendly** !!!

**I was just Re-Visiting** some Data about a Fave-Product "**SizerXL**" ....to be used in UpComing PreBloom Applns on Tarts--Sweets--Peaches--Grapes--Blues ..... These Apps from PreBloom thru Early-Fruit-Set are for maximizing Photosynthesis during that Reproductive-Cell-Division-Time-Frame.....

What we have seen.....

\*Better Fruit Set

\*Higher Brix

\*Larger Fruit ....Wow...In some Sweets last Season...??? Just Wow....

\*More and Better Lookn Fruiting buds for next Spring

.....This SizerXL is just another Cost-Effective Tool in the box that really has a good fit in our Programs.

How this stuff "Gets-In" and makes such a difference.... I think is because it has 12.5%"Phite" in the Formulation.... Radically Systemic. Use 2-3 Qt-Acre [\$8-\$12] 2 - 3 Apps in that TimeFrame mentioned above.... Bigger Trees/Bushes=3 Qts.

We have several very Cool Tools to be used...and they are so Low-Cost-Effective, I feel we can use most of them.

\*\*\*\***Veggie Guys.....** Direct-Seeded Onions.... I very Highly-Recommend getting Agrinos 1 Pint InVigorate and 3 Pints B-Sure on as Soil-Applns at Planting....Before Emergence.

**This Sunday** 2p - 8p is the "Greeting-the-Family" Thing at Mamrelund Lutheran....for Donna Roberts....the Late Lovely Wife of Eli Roberts... the Mom of Duane and Tom Roberts and Cindy Watson and Diane Rexford and Wendy Grice.... Sister to Marilyn Youngquist and my brothers Bob and Jim and me.

That Funeral is Monday--11am--Mamrelund Lutheran.
