Fruit Ridge Notes - Wednesday - October 3 - 2018

Greetings Friends

Some ForeCasters still Calling for a serious chance of Rain late tonight--early Tomorrow.....

.....And again late Friday - early Saturday..... ☹️

It sure makes a mess of the Orchard Floors that you Guys had so perfectly-nice-smooth..... 😞

I'm afraid this confounded wind is picking some fruit right now....

*****Q&A---Yeah---That 8-10 Da.PreHarvest-Blush 2X is on 'Fuji'... Kinda hard to Color Fuji....**

Those Guys have had very good luck doing that the passed 2 Years.....

.....And this all after I had told them not to expect to see anything great.... like not much 'ROI'... 😞...

...like I told them I wouldn't do it. I'm very pleased they didnt listen.

*****Yes...Alicandro has mentioned fairly recently that the PostHarvest "Motivate" [Ethephon] Trick performs especially well on.....**

*Honeys *EarlyGold *JonaGold *Goldens *Crispin *Greening

Now that I said 'fairly recently'.... Jeff hasn't sent a **agr.news** in about a week almost...???

*****I Stand Corrected....** Some of you Redox Guys do indeed have a very well-established [for 6 Years now] ""Post-Harvest"" Nutrient Strategy.... and it's working great for you.

But I am saying there's a couple of you that are planning a very minuscule program due to your analysis and earlier Program-Applications.

*****Wow....A Bunch of You Guys Are Reading** your Fruit Ridge Notes very Promptly !!!!

Deanna is having a very good response of my mention about the **CropSmart-41%-GlyphosateExtra.....** Pls let her know ASAP of your Needs. It is pretty Cheap right now.

*****As Several of You have Already** found outThe Grand Plaza and the JW and the Marriott-Court-Yard have sold out of Rooms for that Tuesday-PM-Dec.4th of the Great Lakes Expo
