Hey ... ☺ **Not Rainin** 👍 **We'll Take It.**
.....Even some SunShine Very Important for the Harvest
Workers that are still out there GittNRDunn ... ☺

Hmmm.... Only 2 Months til **CHRIST**mas.....

******Question....Can I do the Soil-Applied Max-Rate** of 16 oz-per-Acre 4 Lb.A.I.Imidacloprid in My Blueberries (**all Crops**) Post-Harvest with Herbicides ..??? Like Montana4F or Macho4F or Nuprid 4F or Alias4F...???

Answers....

---We are allowed 16 oz.-Ac-per-Season-Total.... If you did any earlier in Foliars, you need to deduct that.

---Imidacloprid comes with 33 different Names.... Get the correct one. And be sure it's a 4Lb.A.I. Keep it simple ...Just get it here.

---Remember this should only cost you apprx \$13 for the Max-Rate....16 ox-Ac....and yes that cost did go up for anyone needing to Re-Order late-season....like we need. Not sure if its coming down this winter or not....It Don't matter ...It's Cheaper than DogDoDo either way.

---These are **not R.U.P.** Products....

---Tank-Mixing....None of our Faves have ever had any Issues with the 4Lb.Imidacloprids we sell.

---Imidacloprid is labeled for virtually anything you're doing...Any-**All-Crops** I can think of....??? And for Soil-Apps as well.

++++If you havent Maxed-Out your Seasonal Limit of 16 oz-Ac, I would surely be doing that.... **if** ... If I am making another Trip-Thru....Either Foliar or Soil Appln...Don't matter. This 4F just does so much work on so many Insect Pests... and it is almost free.

No...I would not probably make a special Trip thru just for this...??? Unless.... I had not used any yet this year, and I could do the Full-16oz.Rate....Then I would be contemplating what cheap-Herbicides I might want to touch-up with...?? and which Nutritions I might want to get into the Tank...??

******Making Another Weed-Control-Strip-App....???**this Fall ??
I see Alicandro telln his Guys to get some "'Phites"' into the Tank wherever they suspect Wet-Feet....and also some VitaZyme, which fosters over-all Root-Health and increased Root-Hair development.

And both of those are so LowCostCheap "per-treated-acre" ...

And ...Our own Super-Phites and VitaZyme Tank-Mix with whatever else you wanna do.

******Q & A.... Yes... We Will** indeed be doin the ""Interest-Earning-Pre-Pay"" Gig again.... Just like all of the BNRs **[BigNationalRetailers]** do....?? Not sure what the Interest-Rate will be yet ...?? We always just try to keep up with the those InterNational-Conglomerate Big Boys.

And Yes as always we will have some great "Year-End-Deals" for those of You that want to *own the Product*. And as always we can store that Product here til Spring if you so wish.

******Mouse Bait** Please tell us what you are being Q'd.... We'll see if we can save you any money. In years past, the BNRs have kept this one pretty competitive...???because it is pretty qwik-easy for us to get into the Mouse-Bait Bizz....

Only 12 Days Til November 6 Some Guys that I usually agree with have made the claim that the Upcoming "Mid-Terms" are the most important Elections of our LifeTime.

...My thoughts These are just as critical as the Nov.8-2016 Elections.

Praying Safety & Blessings on All of Our Elected Officials
