Fruit Ridge Notes - Thursday - February 7th - 2019

Hello Friends Some significant Freezing Rain Yesterday Morn, and Today ...

Still Ugly ... Icy Frozen Brown Grass Clouds Gray
Taking what we get It's Crap Ugly...

Looking at "'WunderGround'" Site....The forecasted Highs thru next Sa.Feb.16...Starting with today....

41*--19*--22*--26*--30*--35*--23*--25*--29*--30°F..... The Lowest lows are 9* and 11*tomorrow and Saturday Mornings.

The MDA-RUP-Test Day Event at Fricanos - Yesterday - Alpine was really Great as Always

John Stone **MSU** once again did a great job prepping everyone with his Study-Review-Gig and Everyone got Credit-ReCert-Points for Listening.

I think everyone Passed the Test just fine.

That **Doug Fricano** is one Cool Cat That is the best Pizza around in my humble Opinion.....

And the Beers there are always Cold 🍷🍷🍷🍷 and of course we enjoyed Lots of great B.S.+ Brewskis

******A Question** Next Tuesdays Meetings..... **Organic Production**...??? Yes--Huge... These are Biological Pesticides.... Gonna be Huge for our Organic Pals...

******Grower Comments....** **Yup**.... I for sure Positively Agree

The 1st thing I do when I get to my Desk-Office-Fruit Ridge.... is to get my "Files" up & open on my Computer Screen.... My EMail, my Contacts List ... My Todays Clipboard Organizer.... and the "**Agrian Label Search**" WebSite . That Agrian Site is just such a Huge Benefit to me ...and Deanna and Alicia Nancy & Matthew ...All of us use it. There's just so much New Stuff ...and so many changes on the old Stuff..... I can't imagine keepin up with it all without **Agrian**. Ya gotta have it to stay Legal.

******Visiting with a Friend-Associate** that works in the "**Red Gold**" Tomato Production

Some of the Smart-Money things they have been doin like including the SAver and Sizer XL and K-Phite in their Program, has been getting them an increase in Yield of 16,000 lbs.per-Acre.

Thats a lot of \$\$\$ in their Pocket after paying for the Good-Stuff from Plant Food Systems. Red Gold Folks are now moving another 10,000 Acres into that Program !!!! Smart Money. When we calculate the savings on some certain Pesticides that they can drop out of the Program because of the K.Phite and SAver & SizerXL, they should be well over \$2,000,000.00 ahead on that Acreage.

And..... We will soon see some Official Reports of some very positive Results with MSU in some Grape & Blueberry Trials..... The same Plant Food Systems Products..... Good Stuff. My own Blues Grower Pals that have been doing the SizerXL are flabbergasted They'll be doing every acre with it from now on.

*****Still Getting some Great Comments** - Feed-Back -

Questions about the **Redox University** Event January 17th after the NWMO&V Show....

We now have the PPPn USB-ThumbDrive thing.... The whole Presentation that we saw in R.U., and some stuff on there that we didn't even get to at R.U.

The thing is, it is so big, we can't get it to go on EMail to some of You Guys that want it. It's just to much Data....it won't go. I'll USMail it to Ya.

Interesteed...??? Remember the Setp 1 & 2....

Step 1Stop the Bleeding

Step 2Get the SoilSample Stuff from Us.

If you dont recall the Step 1 Details..... Ask me. Or Check Back in the last few **Fruit Ridge Notes....at Resisters.Net**

Hope to Talk With You Soonr

Theodore Roosevelt said "To Anger a Conservative, Lie to him. To anger a Liberal, tell him the Truth."
