****** Lots of Ya'll Read the 'Michigan Farm News'...**

I like the "'AgriPac'"--Friends of Agriculture Section...Pg.4 of the Oct-15th-Issue.....

'President Trumps stance on Agriculture & Rural America Issues earns Farm Bureau Endorsement'

President Trump said...

''The Trump Administration believes Farmers have a much better ability to manage and care for their Land than a Bureaucrat in Washington. I have deep affection for our Patriotic farmers because they don't make excuses...they don't complain...they just get up every morning with the goal of making this Country Great and sharing the bounty of their hard work with their fellow citizens.'''

.... May our awesome Jehovah God Save this Nation... and may He Bless our President trump.

******So Far...Some Very Nice** Feed-Back on the "**Blush 2X**"....

If you did the Blush 2X Program, and your Packing-Line-Color Sorter does not tell you that it did much..??? Please get with me on the Protocol you used...and the Pack-Outs-Percentages-Etc...??? I really need to know those Details....

....and I Reeeaaally appreciate your efforts with watching for that difference at the Fresh-Pack-Plant !!!
