## Fruit Ridge Notes - Monday - September 28 - 2020

### Greetings Friends.... Hoping Your Weekend was Great....

We had 2 **GrandBeautyBabyBlessings** Over-Nite Saturday.....

..... Lots of Fun....and Work 😊🙏😊

So...**WunderGround** ... ""

[wunderground.com/forecast/us/mi/sparta/49345](http://wunderground.com/forecast/us/mi/sparta/49345) "" .....is Expecting only 5 of 10 Days of SunShine in their 10-Day-Forecast...

....Looking at spotty Rain today ...and Tues.PM-Wednesday-Thursday... The very Fall-Typical-Temps are gonna hold for a while. The Lows all in the 40\*s...with only 1 early AM saying 51\*F...along with acupla high-30\*s... And... the highest High = 63\*F... Highs averaging only 57\*F...

We measured **8/10ths**-Inch here Gooding St. Office from the Over-Night-Easy-Light-Showers... and over-all here we are still behind on RainFall for Year 2020...It's still drizzling...

...And *Think Back* ....almost exactly a year or so ago...

There was Water standing in some areas...Waaaay Too Much Rain !!!

**Today** Lookn Like a "*Catch-Up-Day*" ...???

And some Guys that said the Dust was gettn bad in a couple of Loading-Area-Spots... Here Ya go... 😊😊

\*\*\*\***Apple Guys**...

### **Sooo.... Reeceally Big Crop of Honeys...??**

And you did all the early-Hand-Thinning... and You did the Spray-Thinning as best you possibly knew how...

Now you want to do the Ethephon Thing--Post-Harvest.

---Remember that we really need to keep all 'drift' off any Varieties still awaiting Harvest....as it can make a disgusting mess.

---Gotta get some serious Nutrition into that Tank-Mix...That big-crop-load really stressed that Tree...and the Ethephon stresses that Tree...

---And... the 2021 Fruit-Buds really appreciate a Nutritional Poke.

---Our Ethephon is called 'Motivate' ..from Fine Americas...

---Have your 3-4 Pints-Ac 'ZincRush' and your 10 - 14 oz-Ac.

'BoronExtra' in the Tank...or ....Redox 'TriplexMicro'

---Have your VitaZyme or BioShot in that Tank...

---The *Sooner* you get this Motivate on after your final-Pick on these

Honeys...??...the *Better*. You want very viable healthy Foliage for this App... Gotta go asap. That's why it is sometimes kinda tricky with near-by Varieties not yet harvested....very tricky...dangerous...

\*\*\*\* **RowCrop Favcs** are really Happy with the Corn Silage Quality so far... S.Beans are almost ready... Some Pals tried some Beans and decided to give them a few more days.

\*\*\*\* **Actually...No...** 🙄🙄 I have been told that the **LCDSF** will not be doing the Big 'Auction-Dinner Party' Fund Raiser in early November... This is that Big Party to raise Money for the Tuition Fund at Trinity Lutheran School.... The Committee is going to come up with some kind of alternative...??? Not sure what...how...when...where... I'll keep an eye on it ...Keep Ya Posted....

\*\*\*\* **Please Keep an Eye on "Reisters.Net"....** Lots of Current stuff there ...referencing UpComing Meetings...and how we are working thru the WuhanChinese-19-Crapola...

\*\*\*\* **And...** I do plan on the normal-common-practice I have established for "Opening Day" Deer Hunting....at Dads Barn. The "15th" is actually on Sunday this Year ...What we will do is convene Saturday-14th-**4** PM...and then Re-Convene Sunday **1** PM ...after Worship.

**Reisters.Net** also has the kinda New "'Voting My Faith'" E-NewsLetters archived there... Lots of Info... We always make the case for Voting as we are commanded in the Bible...🙏🙏
