## Fruit Ridge Notes - Wednesday - August 28 - 2019

### **Hello Friends...**

This Weather is not what the Experts predicted... Tryn to spit some Precip.

But ...No harm done... Except it is really windy here !!!

Now they're saying a 75% chance of Shower later Thursday .... and a 43% chance Sat.PM....

**\*\*\*\* Paraquat 3SL .....** "Gramoxone" .... Very Low-Cost right now-- Today ....

They are changing the Rules on Ya's ... You'll need to jump thru some extensive Hoops to use Paraquat purchased after Nov. 14 - 2019...

***This coming 11-14-19 !!! 10 - 11 Weeks from right***

***Now ....***

A bunch of Guys have got their Order into Deanna for the "Old-Label" Product. Please let Deanna know ASAP what quantity you need. I got a hunch that the Old Label Stuff 'Supply Line' will be pretty empty pretty fast....?? Dont LollyGag....

We will not be able to sell you any "Old-Label" Paraquat [RUP] after Nov. 14 - 2019..... But you will be able to legally use it up. The New Label requires much more Applr Licensing.... and "Closed-Systems" at your Spray-Shed for Loading your Rig... some seriously weird crap...

**\*\*\*\* Glyphosate ....** Generic Round-Up... Really Cheap right Now ... Tell Deanna what you think you're going to need.... Comes in 265 Ga.Totes... 30 Ga.Drums ... 2x2.5ga.Cases.

I am not sure how long its gonna stay so Cheap...???

**\*\*\*\* Doggone** Processors ...Well ...At least one of the Big Ones ...is insisting their Growers use ReTain on several Varieties. I'm sure you all know all about that.

This ReTain is a huge help for the Guys with huge acreage of Gala... It keeps them Crispy....It keeps them from gettn 'Waxy' ...It hangs them on the Tree tighter... Hardly any "Drops"....
