Fruit Ridge Notes

Fruit Ridge Notes
from Ron Reister
C.C.A.

Fruit Ridge Notes - Friday - September 25 - 2020...Only Three Months Til CHRISTmas!!!!

Greetings From Reisters....

Hope Your Harvest is Rollin Really Nicely...

.... So *WunderGround 10-Day*.... Some fairly serious Summer Today & Tomorrow...
But Then.... Looks like decent chance of Precip Monday-Tuesday-early Wednesday...
High Temps starting with Today==80* - 81* - 74* - 62* - 59* - 57* - 55* - 56* - 54* -
57°F

...the Early-AM-Lows=Tomorrow Forward==67* - 54* - 49* - 49* - 45* - 38* - 38* - 38*
- 40°F

So....Looks like Real-Deal-Fall might be really starting Sunday ... 😞

My Memory recalls some Ol-Timer-Pals when I was young saying that Hot-Humid-Ugly-Weather can actually diminish the Red Color of Fruit Hangin on those Trees.... 😞 😞

**** Hearing Real Good Things

....about the Apple Harvest Altho some Sizing Issues...??

That "Food-Bank-Pack" Marketing extravaganza has really helped immensely with some of the smaller Fruit.

....Several Redox-Guys saying Size is Good.

**** Acupla Days Back....

Several Blues-Pals came to a

Redox Meeting at Our Office...14050 Fruit Ridge Ave...

...the Key-Take-Home Bullet-Points===
===Referencing "Post-Harvest-Apps"

A Very Good Smart-Money-Strategy...

Foliar Appln:

1 - 2 Lb. Banx

4 - 16 oz Triplex Micro

....to Set-Fruit Buds & Carb Storage

Soil Applied:

1 Lb. H85

1 Lb. RootexOr ...

2 - 5 Lbs. Platinum for Carb-Storage and Root Flush ...and:

Penecal & MainStay Csfor Soil Structure & Calcium Levels

I very fervently hope Many More Blues Pals will "**Stop-the-Bleeding**"....

.... Stop doing the Ol'Traditional Nutrition Approach that costs *Sooooo much*...and delivers *Sooooo little*.

The Huge-Fruit and Superior Quality and Firmness...and the Keeping Quality and the Yields that these Redox Guys are getting Reeeaaally Pays the Bills...

And...I know several Blues-Pals that have 24-32 oz-Ac-CS2005 in their Post-Harvest-App also.

Talk to Steve Paul or Brad Harper about a solid Redox Strategy.
Stick to the Program..... Keep the FaithYou will be impressed.

***** One of Our "Blush 2X" Enthusiast....**

.....is *Reeeaaally* Pleased with the *90% - Full-Blood-Red-Color* on his **Honeys....**
and they're *not even mature enuf to pick yet !!!!*

Would they have gotten this Red without it...??? He says 'No Way'... He knows for sure No Way.... He says the Blush did a heck of a job... And this even though 'Mother Natures Offerings' for Good Color have been abundant....actually Doggone Wonderful...🙌😊👍😎

Anyone else that has seen the impressive response with Blush 2X...???....**Please** get in touch with me with some details....

...Because-Why...???....Because on Years like this when MommaNature is reeeaaally helping alot with Color...???...We are not really supposed to see a huge difference with Blush-2X every time.

So far...???...the performance is Amazing.

***** Q & A**

Internal-Worm-Control-Apps.... ??? 😞

How much Time is left for Damage to happen.....

So....

You're maybe 2-3 Weeks out on your Romes....?? 😞 Maybe 4 weeks on Braeburn and Fuji ... 4-5 weeks on GoldRush...???

If you have any B.M.Stinkers out there...??? I'd be really tempted to make a run at all the damaging Insects...??

The Product Choices are cheap enuf...

😞But how ya gonna get this done without the Neighbors seeing

Ya..??? 😞😊??? 😞

If You have some pesky Hot-Spots where you traditionally get Damage, and if you're going to do this ...do it **asap**.

... Your 7 or 14 day-PHI choices can include

MustangMaxx.... Baythroid... Azomar30SG[Assail]

....And your Spray-Rig is still in Action-Ready-Mode as we are gonna be doin "'Post-Harvest-Apps"' on the early-Harvested-Blocks real soon...

So....

I Kinda almost feel that some of my really great Pals that still stick with the Ol'Traditional-Nutrition-Strategies might be thinkin these Fruit Ridge Notes are becoming one long advertisement for Redox Stuff...???

My apologies.... But I just gotta share... I can't help it... We get so much positive FeedBack.

And this new Strategy requires no extra trips...These Guys are doing this right along with their normal Foliars and their Weed-Spray-Apps... Its amazing to me.... I can't help it.

Only 3 Months til CHRISTmas... and this Christmas - 2020 is also on a Friday !!!!

So....If Your Crew always expects to get Christmas Eve Day off...?????

.....You/We are lookn at a 4-Day-WeekEnd-**CHRISTmas Celebration** !!!!

***Gods Peace and Blessings on Your Weekend....Talk Soon...
...Stay Locked & Loaded....***
