## Fruit Ridge Notes - Tuesday - October 8 - 2019

**Hey .... Another Gorgeous Day Here ...**

**And...** I See WunderGround has moved the Peak-Rain for Friday now out until late Friday-early Saturday ....

So .... Lookn even better for our soggy Orchard Floors.

**\*\*\*\*Yup---All of the Alerts** of various UpComing Events that I have mentioned in FRNotes are all archived in the "Fruit Ridge Notes" Tab at **Reisters.Net** ... Alicia is doing a wonderful job of keeping those plugged in..... Keeping the Tab Up-to-Date....

**\*\*\*\* "J.W."???** Rooms for GLEspo...?? ...Not sure ...Its worth a try... 616-242-1500 ...The G.Lakes Expo Dates - Mon-9th thru Thurs-12th...  
...the JW is very Xtreme Cool...like the Grand Plaza - Very Classy.... and right across the Street from Grand Plaza ...south side Pearl. Get there with the SkyWalk...

**\*\*\*\* Just Visited** with a Fave.... Planning his "Post" on Apples. He plans to add into the TankMix some left-over-very-low-cost-cheap-\$2-Acre-Type Pesticides... wherever & whenever legally Labeled... Using up some ElCheapo Insecticides & Fungicides from in the Shed... I very seriously agree with his thought-process... He said in some of his Blocks of his Favorite-Big-Money-Varieties, he hasn't sprayed for 7 Weeks. And many of the Insect & Disease Targets are still there in varying degrees. So why not whack'em...?? 👍 Like 👍 Would I actually go out and purchase more of those ElCheapo-Chems to complete this Post-App...?? For all the good I get for the \$2...?? I'm probably doing that ....Yes...👍

**\*\*\*\* November 2nd... a Saturday ... the Spartans have a "Bi"Week--No Game...** I think **MSU** did that so a Bunch of you can make it to the LCDSF Dinner-Party-Auction Event at **5pm**. Some of Our Fave Vendor-Suppliers... **\*\*Magnabon-Frankie** **\*\*Patrick-CustomAG-Formulators**  
**\*\*ORO-Agri-Fran & Riley** **\*\*Sean-Cultiva"Parka"** **\*\*BioSafe-Steve Tillman**  
**\*\*AgBioTech-Bob Hudak** **\*\*Agrinos-Mike** **\*\*Soil & Plant Solutions-Phoenix Calcium** ...have Donated some very great products ...Most at the Platinum Level !!!!

We Soooo Appreciate these Folks !!!!

And Riley Reynolds - ORO-Agri also Donated a ""**Patriot Membership**"" at "*Front Site Arms Training Institute*"...going on the Auction Block. The Face-Value mentioned OnLine is \$7500 - \$9000.... I got mine on Auction for less than \$1000 a few years ago !!!

\*\*\*\* **Tank-Mixing a Bunch** of Odds+Ends incorporated in our "Post-Harvest" Apps... ???

My Faves always seem to make it look easy and have no 'issues'...

They use 1-pint-per-100-gal-Tank-Mix of "Indicate-5" and 1 Qt.-per-100-ga.-InSpray-90... into the Tank first.

Your Indicate-5 sequesters Minerals & lowers pH and is Also a 'NIS' .....

Your InSpray-90 is a "90-10-NIS". You need a Activator-90 or a Regulaid to get to this level of Quality in a NIS.

\*\*\*\* **Wherever I have any Hard-to-Kill-Weed-Grass-Targets**

that may be building a Resistance to the Glyphosate or other Chemistries, I am certainly using a **ORO-Agri-Orange-Oil-Component** in that Tank-Mix.

Many of our Row-Crop-Pals have proven to us that this stuff works really really great on 'Resistant-Weeds'....

Names for these ORO-Agri-choices.... WetCit \_Vintre \_Prevam \_ORO-Boost \_ORO-RZ ...

Yup, I'm adding 1 of these to that Tank with Indicate-5 and InSpray-90 ...at 1-2 Qt-per-100-gal.

\*\*\*\* **November 14** is the "Cut-Off-Date" for your Paraquat 3SL Order.

\*\*\*\* **On "Opening Day--Nov.15th" ...**We will also have my Cuzz Dave Reister at Dads Barn for acupla Hours..... Dave is a Registered-Licensed-Michigan-Gun-Dealer. He will have his Catalogs with him for any Ya'll that might be interested in any additional Arms.

I will be talking with him to dial in the Time-Frame that he will be there.

Best Regards ....
