Fruit Ridge Notes - Tuesday - June 30 - 2020

Happy Tuesday A.M....

So... WunderGround UnChanged... 10 for 10 with Sun-A-Plenty... Zero Rain...

Temps====Highs in Low-90's.... Lows in High-60's.... 😞
This Mornings Clouds are actually quite Welcomed....

Experts claim that if a Tree or Plant gets 2 Hours of serious Sun per Day it can get along just fine....

😊 Yup---You caught that, didja...??? Right....

I believe that our "Climate" continually 'Cycles'....Real Science proves that fact. Climate has continually changed because of the Earth's Cycles for several Thousands of Years. So, I do agree that there is Climate Change.... I just don't agree that it's anything new.... and most assuredly not anything traumatic or dangerous or any result of man-made-causes..... Just my beliefs...my opinion... 😊

**** **Hoping You Saw the "agr.news" We Forwarded** this morning...with Jeffs Permission... Some seriously Good Stuff in that. And.....

We are Praying for Jeffs Dadin Hospice now... 87 yrs old. 🙏

**** **Full....Always Use Full-Rate-SWD-Insecticide....** Sometimes certain Tools will give you a 'Range' of Rates to choose from... Whenever it is one of those seriously Low-Cost-Cheap ones, use the Full Rate. Some Guys are getting creative and Tank-Mixing one of the more Pricey Choices at a Low-Rate with one of our Fave-Lo-Cost-\$3-Acre-Options. 👍

**** **Seriously.... BioShot does Indeed "Boost Soil-Health"...**

Some Folks do actually have it in the Tank for **Soil**-Apps. It is certainly Low-Cost enuf we can do that twice-per-Season if we want. And...what I really like...is that with all of my 4-5-6 Foliar-Applns...???...All my "Blow-By" is hittn that Soil. 👍👏

**** **This Xtream Hot-Dry** will Indeed be a Huge Test of our Miticides

Did you get your 2nd and Final Full-20 oz.-Rate-Appln of Abamectin-AgriMek 0.15EC on...??

****** P.H.I.-Strep = 50 Days... On Producing Blocks...**

Strep is not a "RUP"

No likely ""Trauma"" events on the horizon.

But....Wherever you are already fighting the Symptoms, I'd be hitting it harder where I'm gettn close on my PHI... and....

Some Guys have proven over the last 10-Years that the ""005"" is the Real-Deal-Back-Bone of the Rescue-Strategy to get FB under control.

Wishing You a Safe Productive Tuesday ...
